

## Skip Channel

Dear valued subscribers, in order to deliver full knowledge and entertainment to you and your family members, TrueVisions has operated the Channel Relocation on January 12, 2010 to provide more convenient ,better reception and prepare for the new channels in the near future.

For this time Channel Relocation, TrueVisions need to focus and promote on knowledge and education type of programs. As a consequence, we had set knowledge and education channels as the first priority. Moreover, TrueVisions has arranged and set the channels into categories. And each category will start with the channel that contains number "1" at the end such as 11, 31, 41, 51 and so on which you can see further details underneath;

Knowledge & Documentary type of programs are relocated to channel **11** - 23

Kids type of programs are relocated to channel **31** - 35

Movie type of programs are relocated to channel **41** - 47

Entertainment type of programs are relocated to channel **51** - 68

Music type of programs are relocated to channel **81** - 85

News type of programs are relocated to channel **91** - 99

Sport type of programs are relocated to channel **101** - 126

Foreign Language / International type of programs are relocated to channel **141** - 143

A la carte type of programs are relocated to channel **151** - 157

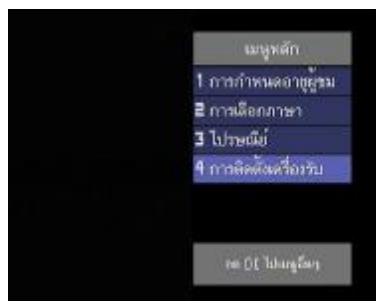

Education & Distance learning type of programs are relocated to channel **161** - 200

Setting the program channels into category, there could be some channels which are not consecutively relocated as they are reserved for the additional channels in the near future. For your convenience in viewing, you can simply skip these channels via the receiver unit or the set-top-box by yourself.

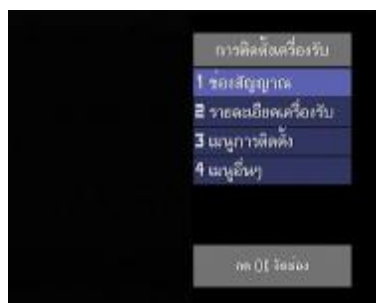

## How to skip the channels

### Subscribers with ADB brand receiver units

1. Simply press "MENU" and select "Set Up" and then press OK.
